Ladies, Get Your Gray Matter Working For the Ball-Tossers.

SOBRIQUET FROM FAIR SEX

No Other Source Considered. Send in Fansiful Epithet and Get Season Ticket.

To the Richmond or Manchester lady who sends in the most appropriate name for the Richmond base-ball nine in the Virginia State League a senson ticket will be given by the management of the rark.

Virginia State League a season ticket will be given by the management of the park.

The sporting editor of The Times-Dispatch will receive the letters, and a proper committee will pass upon the appropriateness of the names received. In every league the different clubs have other names than the name of the city from which they hail and for which they play. For instance, in the American League, the Philadelphia nine are known as the Athletics; the Washington team, the Seators; the New York team, the Yankees, and so on down the list. In the Southern League, New Orleans named her team the Pelicans; Little Rock dubbed its aggregation the Travelers; Memphis called her players. Senators.

The sooner the letters suggesting the most appropriate name are received the better. It will take the work of the hands of the management of the league, and at the same time it gives an opportunity to some young lady to win a season ticket, which will admit her to all games. Address Sporting Editor, Times-Dispatch.

P. S.—Photographs need not necessarily accompany suggestions to receive just consideration.

Return of Money Loaned.
(Special to The Times-Dispatch.)
NORFOLK, VA., March 7.—Mrs. Mary
Augustus Allen formerly Miss Ironmonger, of Portsmouth, filed suit here
to-day, asking for a divorce from her
husband, Dr. N. R. Allen, homeopathic
physician. Mrs. Allen applies for a limited divorce, alleging crueby, failure to

BOSTON, MASS., March 7.-The graduate treasurer of Harvard, Roger Ernst, in his report of athletic expenses for 1904-1905, somewhat caustically comments on the foot-ball management of Edgar N. Wrightington and (W. T. Reid, Jr., coaches, last season. "The surplus of the whole year depends directly on the surplus of the foot-ball team." the report says, "and it is interesting to examine in detail the receipts and expendi-

port says, "and it is interesting to examine in detail the receipts and expenditures of that team.

"The expenses of the team increased from \$15,000 to \$17,000, but this is accounted for in the increase of \$1,800 in the item of travel, which included W. T. Reid's expenses back and forth to California, the amount paid to Wrightington for sums he might have earned as referee, and the expense of the New Haven trip, because of an extra day at the Pequot Club. The saving in the cost of the training table was more than offset by the extravagance, in several cases, of the head coach in ordering supplies."

The loss of receipts is explained, in part, by the falling off in the sale of season tickets from \$11,517 to \$17,019, due to the doing away of the season ticket privilege. The receipts decreased by \$600 and the expenses increased by \$4,00 over the previous year. The increase in expenses is explained by the expenditure of \$1,200 for the improvement at the boat house. The boat club shows a large deficit, due to the wise expenditure for boats and oars and the extra expense of the Cornell and Philadelphia races. The New London expenses show a decided decrease, but are still very high.

The minor teams, with the exception of the lacrosse team, have lived up to the requirements and have been self-supporting. The lacrosse deficit is \$70.

The total receipts from all branches of sport was \$111,680.85; expenses, \$83,868.84, leaving a credit balance of \$27,872.01.

MEMBER OF HIS FAMILY

Built.

The Judge states: "He worked on my brother-in-law's

five or six years ago, and kept getting worse. My head ached, my eyes felt drawn, and I could not see perfectly at a distance or near. Frequently I would get on the wrong car because I could not read the car signs correctly. My husband being occupied during the day, we used to take great comfort in reading together at night. All this I had to give up, as I could not stand artificial light. I could scarcely read in the daytime without great discomfort.

"Now all this is changed. After I consulted Charles Lincoln Smith and had his Method and Prescription Glasses my headaches are gone, my sight is as good as anybody's, I can read the car signs now and finest newspaper print with ease, and for the first time since the Hotel Jefferson tower clock has been built I am able to tell the time by it. The pleasure that his skill has brought to us we are truly thankful for."

If you have blurring, dizziness, neumigia, headache, spots before the eyes, infiammations, granulation, winging, trembling spells, cataract, burning and smarting of the eyes, various nervous and brain affections, entailing not only positive injury to the sight, but untold misery, call immediately.

yet. In the previous practice—the first time he had fired at the target—he scored eleven points.

His hand was as steady as iron when he walked to the stand and took aim at the buil's eye yesterday afternoon. Four of his builets went straight to the mark, counting him twenty. The other two shots struck in the four circle.

He was loudly applauded by the officers present and congratulated by Chief Werner and Inspector Epps.

The Second District won again yesterday, but they had very little to brag over, for the First District men shot exceedingly well. There was less than a point between the percentages of the districts. Figuring it down closely it would be seen that the Second District men had a percentage of 161-0 against 15-10 of the down-town officers.

Chief Werner and Captain Epps were very much pleased with the showing made by the officers. The "infant class" has now been inaugurated and each officer who falls to score above ten points with his six shots is told to come to the hall some day in the week and practice in the "baby" class.
